

# OASIS ENERGY NEWS

Volume 1 / Issue 5

*Our monthly newsletter is to share and be able to update all our employees and guests in the event that they miss something new and exciting at Oasis Energy!*

## June

*The gateway to summer is here, all the plants and flowers are in full bloom*

**Sunday June 3rd**, 4<sup>th</sup> Street Lilac Festival –from 10am – 6pm - This free one-day event is the start up to Calgary's vibrant festival season and encourages citizens to shake off their winter blues and reintroduce themselves to the thriving creative community in our city.

**Open until June 20<sup>th</sup>** – TELUS Spark Whales|Tohora from 10am – 4pm – One of the most exclusive exhibitions is making its final North American stop at Calgary's science center. Whales|Tohora is an interactive experience housing one of the worlds largest whale collections for the National Museum of New Zealand Te Papa Tongarewa.

**Friday June 8<sup>th</sup>**, Inglewood Night Market – from 5pm – 11pm – The Inglewood night market is back for 2018 bringing live music, entertainment, artists and artisans, great food, and fun surprises to the streets of Inglewood.

### *Weird and Interesting Facts about Canada:*

- Canada officially got its own national flag on February 15, 1965 – almost 100 years after it became a country (1867)
- If you visit Dawson City, Yukon, you can join the “Sourtoe Cocktail Club” – all you have to do is finish a drink (of anything!) with a real human toe in the bottom. The club's motto says, “You can drink it fast, you can drink it slow – but the lips have gotta touch the toe”
- In 1962, Pincher Creek, Alberta experienced the fastest, biggest temperature change ever recorded in Canada as a result of a Chinook. The temperature rose from -19C to +22C in just one hour!
- Many of Canada's national parks are bigger than countries. Wood Buffalo National Park in Alberta is larger than Denmark and Switzerland.
- The population is roughly 36 million. It's the second largest country in the world, but only 0.5% of the world's population resides in Canada.

### **Global Petroleum Show – North America’s Leading Energy Event June 12 – 14<sup>th</sup> at Stampede Park**

Global Petroleum Show (GPS) is North America’s Leading Exhibition & Conference, where oil and gas professionals convene to engage in dialogue, create partnerships, do business and identify the solutions and strategies that will shape the industry for the years ahead.

Global Petroleum Show has grown exponentially to become the global meeting point for oil and gas professionals. Today, over \$6 billion of business is concluded during the exhibition, placing GPS at the very heart of international business of the global energy sector. Over 50,000 trade professionals attend GPS, while 100+ industry leading experts share their knowledge and understanding across the event’s expansive line-up of strategic and technical conference sessions.

Please go to [www.globalpetroleumshow.com](http://www.globalpetroleumshow.com) to register and look at all the events that will take place, perhaps a great way to network and meet others!

## [Oasis Energy Welcomes Annie & David](#)

**Annie Wu** - Annie comes to us from the University of Calgary where she is currently a full-time student majoring in her Bachelor of Arts, in Economics. we would like to welcome Annie for the summer months and hope her time with Oasis Energy is educating and valuable for her future, and in return we at Oasis hope to gain some of her expertise and knowledge. Annie’s keen eye for detail to review and research the trends in the petroleum industry and her extensive knowledge in calculating profits and gained exposure in excel make her an excellent fit for our company.

**David Hu** - David comes to us from the University of Toronto St. George where he is currently a full-time student majoring in Economics and Finance. we would like to welcome David for the summer months and hope his time with Oasis Energy is educating and valuable for his future, and in return we at Oasis hope to gain some of his expertise and knowledge. David’s extensive finance and budgeting experience will be a big asset for our team, and this makes him a great fit for us at Oasis.

## [Team Building Event](#)

We have planned a team building on Friday June 15<sup>th</sup> from 2 - 5, at The Calgary Zoo, we will be divided into two teams and make our way through the Zoo-mazing race.
